

**G. H. Rasoni Collge of Engineering, Nagpur**  
**Distance Engineering Education Programs in Collaboration with IIT, Bombay**  
**JULY- NOVEMBER 2007**

Please Note that the registration for the following courses have started at our C-DEEP (Centre for Distance Engineering Education Programs, in collaboration with IIT, Bombay) from 10/07/07. The courses are starting from 25/07/07. Please contact the Co-ordinator in C-DEEP remote centre, GHRCE or through telephone for details.

	<b>Course Title</b>	<b>Faculty From IIT</b>	<b>Day and Timing</b>
(i)	IT Project Management	Prof. Shashikant Kelkar	Wed 5.30 pm - 8.30 pm
(ii)	Digital signal Processing	Prof. V.M.Gadre	Tue (9.30 am – 10.25 am) Thu (10.30am – 11.30 am) Fri (8.30 am – 9.25 am)
(iii)	Communication Systems	Prof. U.B.Desai	Tue (5.00 pm – 6.30 pm) Fri (5.00 pm – 6.30 pm)
(iv)	Digital Image Processing	Prof. R.K.Shevgaonkar	Mon (6.30 pm – 8.00 pm) Thu (6.30 pm – 8.00 pm)
(v)	Digital Control	Prof. Kannan Moudgalya	Mon (5.00 pm – 6.30 pm) Thu (5.00 pm – 6.30 pm)
(vi)	Corporate Strategy	Prof. Atanu Ghosh	Mon (6.30 pm – 8.00 pm) Thu (6.30 pm – 8.00 pm)
(vii)	Computational Method in Fluid and Thermal Engg.	Prof. Atul Sharma	The day and the time is not yet conveyed by IIT

Pre- recorded Transmission Lecture:-

(i)	Computational Fluid Dynamics and Heat Transfer.	Prof. Atul Sharma	The day and the time is not yet conveyed by IIT

The Studio cum classroom where a live transmission session is in progress.

### **DISTANCE EDUCATION PROGRAMS (C-DEEP)**

At GHRCE is located a remote centre for Distance Engineering Education Program (C-DEEP) in collaboration with Indian Institute of Technology, Bombay.

Various courses in different specialized engineering disciplines are run by IIT Bombay. Expert professors from IIT Bombay deliver lectures for this programs and these are live transmitted to the remote centres through videoconferencing mode. GHRCE has well established virtual class room for these lectures. Participants attend the lectures delivered by IIT professors and they can also interact with the faculty using videoconferencing. There are various modes of participation in the programs, such as (i) Credit Mode – where the participants after completion of course are examined by IIT Professor who have conducted the course and then the certificate is awarded by IIT Bombay.

(ii) Non-credit Mode – wherein the participants attend the minimum prescribed lectures and do not appear for the exam, but issued a certificate of participation from IIT, Bombay.

(iii) Pre-recorded Lectures wherein the recorded lecture CD's are sent by IIT. Interested participants complete the course according their suitability within stipulated time and are awarded certificates from IIT.

Developing off-line course content in a state of the art studio facility and capturing events happening anywhere on IIT campus.

Transmitting live / recorded **courses** to **Remote Centers** (RCs) using VSAT technology
